Our philosophy at Mazda is that all our vehicles are serviced and maintained to the highest emission and quality levels to help provide a cleaner and safer world for us all. With this philosophy in mind we want to ensure that our customers receive the highest levels of professional attention wherever they choose to have their Mazda serviced or repaired. Mazda supports you in achieving this target by providing RMI Repair and Maintenance Information. The content of the Mazda portal and the functionality of the various online applications are constantly improved and updated to cover the multiple aspects you are faced by in your daily work servicing Mazda vehicles.

Q & A

**Q1) How can I purchase genuine Mazda parts?**  
A1) Please contact a Mazda Authorised Repairer.

**Q2) Which diagnostic hardware and software is required to diagnose Mazda vehicles?**  
A2) You may either use the approved M-MDS Tester together with its software available from Mazda or purchase a generic VCI in connection with a laptop. For this you require the Euro 5 Mazda Diagnostic Software available from the SST Webshop.

\* Please note that with the purchase of access for either 1 or 2 days on the day of user registration, the registration day counts as a full day. Fees can only be paid via the online payment service offered by PayPal. Other forms of payments are not possible. You can get more information about PayPal here: PayPal Website Vehicle repair and maintenance information will be updated on a regular basis.

Man er nu vellykket registreret på Mazda  
Herefter vil du modtage 2 mails  
Én med brugernavn og et aktiveringslink, og én med et midlertidigt password, som skal ændres første gang du logger på.

**BEMÆRK!**

1. Ring til Kim Grønholt hos Mazda Danmark for at få åbnet din profil op til Mazda DSR.  
**Kim er på telefon 26 31 88 49**
1. Mazda portalen kræver man logger ind på sin konto minimum én gang i måneden, for at holde kontoen åben.
2. Skulle det ske den låses skal Kim Grønholt kontaktes og man får da låst kontoen op igen så man igen kan bruge DSR
